Summary

Creative and detail-driven UI/UX Designer with 4+ years of experience crafting user-centered digital products for startups and mid-sized companies. Skilled in translating complex requirements into intuitive, visually compelling interfaces, with a strong foundation in user research, prototyping, and design systems.

Skills

Design Tools: Figma, Adobe XD, Illustrator, Photoshop | **Core Skills:** Wireframing, Prototyping, User Research, Design Systems, Interaction Design | **Other:** HTML/CSS basics, Design Handoff (Zeplin), Usability Testing

Work Experience

Senior UI/UX Designer — Kriti Studio, Kathmandu

Mar 2022 – Present

- Led end-to-end design for 6 client products, from research to high-fidelity prototypes, improving average user satisfaction scores by 25%
- Built and maintained a shared design system used across 3 product teams, cutting design handoff time by 40%
- Conducted usability testing sessions with 50+ participants to inform iterative design improvements

UI/UX Designer — Sunrise Digital, Biratnagar

Jun 2020 – Feb 2022

- Designed mobile-first interfaces for 8+ client apps across e-commerce and fintech domains
- Collaborated with developers to ensure design fidelity during implementation, reducing UI bugs by 30%
- Created wireframes and clickable prototypes for early-stage client pitches, contributing to a 20% pitch win-rate increase

Projects

Local Marketplace App Redesign — Personal Project

Redesigned a community marketplace app end-to-end, focusing on accessibility and simplified onboarding, showcased on Behance

Design System Starter Kit — Open Source

Published a Figma component library used by 200+ designers, covering typography, color, and component tokens
